Melody over drone, a diaphonic ("two voices") mode, is an ancient Balkan style. Dissonant intervals are frequent; in fact, in Greece the word "diaphony" denotes "discord".

This song is antiphonal as well; two groups of singers answer one another in alternation.

1. Dve nevesti oro vodat
2. Em go vodat em go kuršat
3. Po meždu e malka moma
4. Pa gi tiom popituva
5. Arno li e venčiloto
6. A nevesti otgovarjat:
7. "Oženi se, ta da vidiš!"

Two young brides are leading the kolo, swaying gracefully. A young girl between them asks what it's like to be married. Their answer: "Get married yourself - then you'll see!"
