Ra - sti, ra - sti rožmarin, ti de-

vištvá drag min. Ro - žma-rin i-ma svoj duh,

### Slovene

Rasti, rasti rožmarin,  
ti devištvá drag spomin.  
Rožmarin ima svoj duh,  
naj bo zelen al' pa suh,  
al' pa suh.

Kadar jaz umrla bom,  
venček lep imela bom  
z rožmarina zelen'ga,  
nageljna radečega,  
rudečega.

Naj zvonovi mi pojo  
ko k pogrebu me nese.  
V grobu počivala bom  
več sestic imela bom,  
imela bom.

### English

Grow, ah grow rosemary,  
reminder of blissful years of youth.  
Rosemary keeps its scent  
either green (fresh) or dry,  
or dry.

When I shall pass away,  
I will have a beautiful wreath  
of green rosemary,  
and red carnations,  
red carnations.

Let church bells ring (toll)  
when they carry me to the grave.  
I will rest under the earth  
with other girls like me,  
like me.
